

BS 118

Very tear-resistant abrasive paper with hard silicon carbide abrasive grain

Product Benefits

- Very hard silicon carbide abrasive grain
- Extremely stable combi paper backing in grit range P 16-P 36 and a stable F-weight paper backing with a good edge stability in other grits
- Very fine surface pattern

Applications

- Mechanical sanding of flat areas of wood and wood materials and lacquer on lever stroke and wide belt sanding machines
- Initial, intermediate and fine sanding of parquet floors with single-disc sanders
- Grinding edges and surfaces for example granite, marble or terrazzo with angle grinding machines
- Antistatic structure prevents premature clogging with dust

Product Structure

Type	11800
Grain	Silicon carbide
Bonding	Resin, antistatic
Backing	Combi-/F-weight paper
Coating	closed
Grit range	P 16, P 24, P 36 - P 1200

Forms of Delivery

Rolls

Abrasive belts

Wide belts

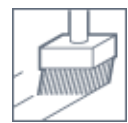

Discs

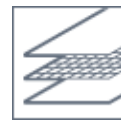

Metal
