

RB 346 MJ

Light, flexible abrasive cloth

Product Benefits

- Synthetic resin bond ensures excellent grit adhesion
- Light, flexible cloth backing for grinding contoured workpieces
- Universally suitable

Applications

- Contour grinding of different metallic materials

Product Structure

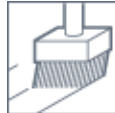

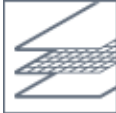

Type	34602
Grain	Aluminium oxide
Bonding	Resin
Backing	J-cloth
Coating	closed
Grit range	P 60 - P 800

Forms of Delivery

Abrasive belts

		
Metal	Wood	Lacquer
		
Composite	Glass and Ceramics	Stone

 Very suitable
 Suitable
 Not suitable
