

RB 486 24 YX

Heavy and semi-flexible zirconia alumina cloth with additives

Product Benefits

- Polyester/Cotton cloth backing ensures smooth running for belts and wide belts
- Tough zirconia alumina grain provides high stock removal rates and long tool life
- Low grinding temperature due to the additional Procut coating
- Especially suitable for dry grinding of stainless steel
- Universal use for dry and wet grinding (resistant to water, emulsion and oil)
- Especially suitable for converting flap discs

Applications

- Flat grinding of steel and stainless steel coils and sheets on stationary belt and wide belt grinding machines
- Centreless grinding of tubes, rollers and bars on stationary belt grinding machines
- Deburring of stampings out of steel and stainless steel and castings out of aluminium and out of other non-ferrous metals

Product Structure

Type	48624
Grain	Zirconia alumina
Bonding	Resin, coated with additives
Backing	YX-cloth
Coating	closed
Grit range	+ 36, + 40, + 60, + 80, + 120

Rolls

Abrasive belts

Wide belts

Flap discs

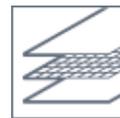

Metal

Wood

Lacquer

Composite

Glass and Ceramics

Stone
