

SF 168

Highly flexible silicon carbide abrasive paper

Product Benefits

- Highly flexible adaptable paper
- Longlife coating means increased tool life
- Good sanding result on transparent lacquer systems
- Especially good results on lacquer intermediate sanding
- Open coating prevents premature loading with sanding dust

Applications

- Intermediate and fine sanding as preparation for painting and bating
- Intermediate sanding of primer
- Universally applicable for coarse, intermediate and fine sanding of wooden components and painted surfaces.

Product Structure

Type	16810
Grain	Silicon carbide
Bonding	Resin, with active additives
Backing	B-Papier
Coating	open
Grit range	P 80, P 120 - P 320, P 400 - P 500

Forms of Delivery

Sheets 230 x 280 mm

- Very suitable
- Suitable
- Not suitable
